

Curriculum Vitae

Enrico Tegazzin, DVM

PERSONAL INFORMATION

Date of Birth: May 21st, 1988
Nationality: Italian
Id number: AS 2151999
Sex: Male
Address: 37043, via Valle Castagnaro,
N° 1454, Castagnaro (VR), Italy
Intl. Driving License: Right and Left Side (UAE Driving Lic.)
Official Habilitation DVM: September 2014

Tel (Mobile): **+39 349 797 4510** (Italy)
E-mail: enricotegazzinvet@gmail.com

EDUCATION DETAILS

2007 – 2014 **Degree in Veterinary Medicine**
Università degli Studi di Padova (Italy)

2011 – 2012 **Beneficiary of the Erasmus Program**
Universidad Complutense de Madrid (Spain)

2002 – 2007 **Scientific High School**
Liceo Scientifico Tecnologico G. Balzan di Badia Polesine

ATTENDANCE TO CONFERENCES

Apr. 2016 **3rd ABUDHABI ALFORT EQUINE VETERINARY SYMPOSIUM**
Pr. Jean-Marie Denoix: Orthopedic Shoeing.
Duration: 1 day.

Feb. 2014 **XX SIVE INTERNATIONAL CONGRESS (Milan, IT)**
Italian Society Equine Veterinarians (3 days).

Nov. 2013 **INTERNATIONAL LAMINITIS CONFERENCE (West Palm Beach, FL) (USA)**
Biannual International Conference of Equine Laminitis (4 days).

TEACHING LESSONS

Feb. 2015 Theoretical and Practical Lesson to horse owners in equine center: “Luna Nuova” with title: “horse hoof: morphology, pathologies, treatment”.
Location: Mantova (IT)
Duration: 1 day.

- Dec. 2014** Theory Lesson at Padua University (Italy), School of Vet, teaching at 5° year students. Title: "horse hoof: morphology, functions, pathologies (laminitis, navicular syndrome), diagnosis, treatment".
Duration: 3 hours.
- Apr. 2013** Lesson to horse owners at ENGEA Association. Title : "Veterinary aspects on horse management".
Duration: 2 hours.

EMPLOYMENTS AS VETERINARIAN

- June 2015/16** Internship: Field Vet at Dubai Equine Hospital.
Location: Dubai Equine Hospital, Dubai, UAE.
Tasks: Emergencies, equine medicine, sport medicine, equine reproduction, equine surgery, equine anesthesia, inside Equine Hospital and outside in the field, desert stables and endurance races.
Focused on:
- **Equine Reproduction with Dr. Diego Puente**, in Emaar Breeding Stable. Natural insemination, pregnancy check (average 35 mares daily), more than two hundred parturitions per season, foal ICU care (diarrhea, pneumonia, wounds, ect).
 - **Lameness in Endurance Horses with Dr. Massimo Puccetti**, in Dubai Endurance Stable, Rabdan Stable, Al Shababi Stable. Lameness examination, X-ray and Ultra-sound imaging, diagnosis and treatment of more than seven hundred sport horses.
- Duration:** 24/7, 1 year.
- Oct. / May 14/15** Equine Vet Service, Enrico Tegazzin DVM.
Tasks: This is my own Equine Vet Practice, providing Equine services 24/7 to my clients. Focusing on hoof rehab and horse management, I spent 8 months attending emergencies (colics, wounds), routine vaccination, deworming, lameness detection, hoof rehab, and every kind of horse problem happening in my region/country.

CLINICAL EXPERIENCE

- Oct. 2015** Externship at Alamo Pintado Equine Medical Center
Los Olivos, CA (USA)
Tasks: Helping in the clinic with routine schedule work.
Duration: 8 days.
- April 2015** Equine Dentistry Course: Three – highly practical days course to update knowledge and practical skills in equine dentistry through highly – illustrated lectures and 15 hours of wet labs on cadavers and live horses.
Sam Hole, DVM, BSc (Hons), BVM&S CertAVP, CertAVP, BAEDT MRCVS
Denis Verwilghen, DVM, MSc, PhD, DES, Dipl. ECVS
Renate Weller, DVM, PhD, MRCVS, FHEA
Location: Milan (IT)
Duration: 3 days.

- Mar. 2015** Official Member on the project: "Evaluation of the effect of a barefoot, high-mileage training regime on foot morphology, bone density and locomotion in Thoroughbred racehorses"
(Housing Location: Mike De Kock Racing International)
Principal investigator: Debra R. Taylor, DVM, MS.
Auburn University College of Veterinary Medicine, AL, US.
Co-investigator: Julie Gard, DVM, PhD.
Co-investigator: John Schumacher, DVM, MS.
Location: Dubai (UAE).
Tasks: monitoring and collecting data on hoof morphology with Declan Cronin.
Duration: August 2014 – April 2015
- Nov. 2014** Official Member on the project: "Evaluation of the effect of a barefoot, high-mileage training regime on foot morphology, bone density and locomotion in Thoroughbred racehorses"
(Housing Location: Mike De Kock Racing International)
Principal investigator: Debra R. Taylor, DVM, MS.
Auburn University College of Veterinary Medicine, AL, US.
Co-investigator: Julie Gard, DVM, PhD.
Co-investigator: John Schumacher, DVM, MS.
Location: Newmarket (UK).
Tasks: monitoring and collecting data on hoof morphology with Declan Cronin.
Duration: August 2014 – April 2015
- Aug. / Oct. 2014** Official Member on the project: "Evaluation of the effect of a barefoot, high-mileage training regime on foot morphology, bone density and locomotion in Thoroughbred racehorses"
(Housing Location: Mike De Kock Racing International)
Principal investigator: Debra R. Taylor, DVM, MS.
Auburn University College of Veterinary Medicine, AL, US.
Co-investigator: Julie Gard, DVM, PhD.
Co-investigator: John Schumacher, DVM, MS.
Location: Mauritius Quarantine Stables (Mauritius Island, Indian Ocean).
Tasks: monitoring and collecting data on hoof morphology with Declan Cronin.
Duration: August 2014 – April 2015
- Oct. / Dec. 2013** Final Career Research Project: "Equine Laminitis: New Therapeutic Perspectives"
Auburn College of Veterinary Medicine, Auburn, AL (USA)
Tasks: Collecting Laminitic Horse Cases, Analyzing, rehabilitation programs, with professional Farriers, Vets (Debra Taylor DVM), trimmers.
Duration: 11 weeks.
- Dec. 2013** Externship with Pete Ramey AHA, Hoof Rehab
Clarksville, GA (USA)
Tasks: Trimming and Rehab of Lamenesses
Duration: 1 day.

Dec. 2013	Externship at Rood & Riddle Equine Hospital Lexington, KY (USA) Tasks: Examination of Clinic Lameness Horses with R. Brass DVM. Duration: 2 days.
Nov. 2013	Meeting with Donald M. Walsh DVM, AHF Pacific, MO (USA) Discussing about laminitis, the pathophysiology, how to treat it, what solutions, laminitis in the history, what do we know till here about it.
Nov. 2013	Externship with Pat Burton AFA, CJF, KSU/MSc Burleson, TX (USA) Tasks: Trimming and Rehab of Lam Horses Duration: 5 days.
Nov. 2013	Externship with Alex Sperandio Professional Trimmer Raleigh, NC (USA) Tasks: Trimming and Rehab of Laminitic Horses Duration: 15 days.
Nov. 2012	Externship in Italian Veterinary State Service Verona, Italy Tasks: Slaughter Animal Examination, Fish Market Control, Chicken Slaughter Control. Duration: 5 weeks.
Gen. 2012	Practice: Radiology Department Hospital of Universidad Complutense de Madrid (Spain) Tasks: Small and Big Animal radiological Examination Duration: 1 week.
Nov. / May 11/12	Practice: Anatomical Pathology Hospital of Universidad Complutense de Madrid (Spain) Tasks: Cadaver examination, sampling, formulation of diagnosis Duration: 4 weeks.
Oct. / May 11/12	Practice: Small Animal Surgery and Anesthesia Hospital of Universidad Complutense de Madrid (Spain) Tasks: Surgery, sedation, ICU after surgery in Small Animals Duration: 4 weeks.
Oct. / May 11/12	Practice: Small Animal Veterinary Clinic Hospital of Universidad Complutense de Madrid (Spain) Tasks: Physical examination (gastrointestinal, epidermal, neurological, intern medicine), history, drugs administration, and after surgery controls in small animals. Duration: 3 weeks.
Oct. / May 11/12	Practice: Ruminant medicine and surgery Hospital of Universidad Complutense de Madrid Tasks: Handling and examination of large and small ruminants. Duration: 1 week.

May 2011

Externship in Italian Veterinary State Service

Verona, Italy

Tasks: Slaughter Animal Examination, Fish Market Control, Chicken Slaughter Control.

Duration: 3 weeks.

Internships and practicum placements as a student

April 2014

Internship – Small Animal Clinic and Surgery

Veterinary Practice “Ambulatorio Veterinario” Verona, Italy.

Tasks: Assistance on Surgeries, Visits, and Attendance at Emergency of small animals.

Duration: 2 weeks.

Sept. / Jun. 11/12

Internship - Equine Intern Medicine and Surgery

Universidad Complutense de Madrid (Spain)

Tasks: Assistance on Surgeries, Visits, and Attendance at Emergency

Duration: 24hs every 6 days, 2280 hours approx., 1 year.

Aug. 2011

Internship – Small Animal Clinic and Surgery

Veterinary Practice “Ambulatorio Veterinario” Verona, Italy.

Tasks: Assistance on Surgeries, Visits, and Attendance at Emergency of small animals.

Duration: 2 weeks.

FOREING LANGUAGES SKILLS

	Listening	Reading	Speaking	Writing
English	B2	B1	B2	B2
Lived in U.S. for 3 months for a research program on Equine Laminitis (Oct. – Dec. 2013)				
Spanish	C2	C2	C2	C2
Studied 5 th year of Veterinary Medicine at “Universidad Complutense de Madrid” (Sept. 2011 – Sept. 2012)				
Arabic	Lev 1	/	Lev 1	/
I took a Lev 1 course of Spoken Arabic during my year in Dubai.

EMPLOYMENT DETAILS

Jun. 2016 / Pres. Equine Veterinarian, Equine Practise (Italy).

Jun. 2015 / 16. Equine Field Intern Veterinarian at Dubai Equine Hospital.

Sept. 2014 Equine Veterinarian, Equine Practise (Italy).

Sept. 2010 Therapeutic Trimming and Hoof Care Practitioner.

Tasks: Home equine therapeutic trimming and maintenance trimming. Shod to barefoot transition for laminitis, navicular syndrome, abscess, bruise treatment. Owner education on the right horse management, diet and movement.

2002 / 2007 Summer Seasonal Jobs: Rural work in Fruit and Vegetable Farms.

I've been working in my village, helping farmers with the seeding, harvesting and sorting of fruits and vegetables every summer time, when I was off from high school.

OTHER INFORMATION IN SUPPORT OF THIS APPLICATION

Communication skills and teaching activities

- Communication skills developed throughout university power points presentation of practical works and attending horse emergency, ensuring owners, and explaining in simple word scientific topics.
- Public speaking skills improved throughout teaching, at Italian touristic equine association (ENGEA), the horse hoof structure, the hoof biomechanics, and first day horse owner skills.

Job-related skills: Organizational / managerial skills

- As a student at university, I took part of different small teams composed by 3 to 6 students and 2 teachers. I learnt how to be efficient by my own, in an emergency moment and how to work with the team dividing the different tasks.
- Outside university in Italy I learnt in small animals surgery how to treat customers and to help them for every kind of problem. In U.S. I traveled more than 6,000 miles with different equine practitioners, visiting a big number horses and understanding how is the market outside. In Spain during my Erasmus program I had a lot of practice stage with veterinarians on field, visiting farms, and learning practical skills of big animals clinic. In Mauritius Island I monitored Race horses of Mike De Kock International Racing Team, during their beginning summer training, getting ready for Dubai World Cup.

Professional interests

- Personally interested in horse management, healthy nutrition, and pasture management. I'm also interested in horse behavior and psychology.
- Personal research dissecting horse limbs taken from dead horses or from horse slaughter, study of horse foot anatomy and morphology, internal structures and hoof develop.
- Focused, hard-working and persistent person, with a clear goal set on a specialization in the field of horse lameness and equine laminitis especially. Wishing to have the chance to contribute to the scientific community, writing a new method to diagnose, treat, and solve the "devastating tornado" of laminitis.

Computer skills

- Microsoft Office Package (especially Word, PowerPoint)
- Final Cut Pro
- Lightroom 5
- Photoshop CC

Personal interests and hobbies

- I love to spend my free time riding horses in the nature; near my house I have a wonderful countryside, where I can relax and listen the “earth pulse”. I love nature and animals in general, and open spaces like oceans and mountains, where I like to swim or walking. I’m a nature beginner photographer.
- I used to train horses for little country “agility” competition, where I won 4 cups.
- Music is my other big passion; it calms and relax my mind. I had hundreds of concerts with my band in pubs, clubs, parties, and big university events.
- I like motors and mechanics, that’s why I like surgery and “to try to find a solution to a problem”.
- I love my family and old people, and I like to listen old stories when my granddad tells me some. I think I always learn something from an old person.
- Good organization and team working personally vested throughout the music. I’m a rock band front man from 11 years. I know what means to prefix a goal and reach that with the help of a team. I also played soccer for 6 years, judo for 4 years (reaching the blue belt).
- I worked as summer work (2002 – 2006) in vegetables farm. Now I know clearly what is the hard work, under the sun, on your knees, in the hot weather, for 10 hours a day, for three months. I know the value of money gained with diligence and respect of straight rules.
- During summer 2002 I spent 2 weeks in Italian Navy, doing a sail course, and understanding what means military rules and orders.
